

Fern Duron Joins idGroup

Fern Duron has joined Integrated Design Group, Inc. (*idGroup*) as a Senior Data Center Consultant. He will lead *idGroup's* new office in Irving, TX.

Fern comes to *idGroup* with thirty years experience in the design of critical facilities. In his new role, Fern will manage a multi-discipline design team in the planning and design of mission critical facilities including data centers, command centers and trading environments.

Prior to joining *idGroup*, Fern was the Founder and President of Parallel Technologies Corporation of Dallas, TX, where he completed several data center projects for Perot Systems, UBS and Experian, among others.

idGroup is a full-service, integrated architecture and engineering firm, specializing in the design of data centers and mission critical facilities throughout North America and in the Middle East. The firm has been listed as one of the fastest-growing private companies in America by Inc. 5,000 the last two years. For more information on *idGroup*, please visit www.idgroupae.com.
